APPENDIX – TECHNICAL SUMMARY	

List of Figures

Figure 1:	New Forest LIFE III Hydrometric Monitoring Sites & Restored Reaches	3
Figure 2:	Highland Water 1 15-min & 5-min stage data for pre- & post-restoration periods	5
Figure 3:	Highland Water 1 & Black Water 2 Peak Event stage for December – January 2002	6
Figure 4:	Summer conditions at Highland Water 1, Black Water 1 and Black Water 2	8
Figure 5:	Locations of the Original and Re-located Black Water 2 sites	10
Figure 6:	Location of Black Water Hydrometric Sites and Restored River Reaches	13
Figure 7:	Highland Water 1 15-min & 5-min stage data for pre- & post-restoration periods	14
Figure 8:	Highland Water 1 Spot Flow Gauging data pre- & post-restoration	14
Figure 9:	Pre and Post Restoration Stage Data for the Highland Water Catchment	15
Figure 10:	Summer Low Flows at Highland Water 1 & 2 pre- and post-restoration	16
Figure 11:	Location of Black Water Hydrometric Sites and Restored River Reaches	17
Figure 12:	Black Water 2 15-min & 5-min stage data for pre- & post-restoration periods	18
Figure 13:	Black Water 1 15-min & 5-min stage data for pre- & post-restoration periods	18
Figure 14:	a) Black Water vs. Black Water 2 peak event data May-Sept 2002 pre-restoration, b) Black Water vs. Black Water 2 peak event data Oct-Dec 2003 post-restoration	19
Figure 15:	Black Water 1 & 2 Spot Flow Gauging data pre- & post-restoration	20
Figure 16:	Summer Low Flows in the Black Water catchment pre- and post-restoration	20
Figure 17:	Location of Confluences Hydrometric Sites and Restored River Reaches	22
Figure 18:	Timing of the flood peaks at the confluence of the Highland Water, Black Water and Ober Water streams	23

List of tables

Table 1:	Blackwater and Highland Water (data from GeoData Institute).....	1
Table 2:	LIFE III Restoration Timetable	9

List of Plates

Front Cover	Highland Water 1 restored (April 2004).....	
Plate 1:	Left-hand Side – Highland Water 1, Right-hand Side – Withybed Stream Channel	6
Plate 2:	Highland Water 1 in Summer Low Flows Condition, looking downstream at bridge	7
Plate 3:	Left-hand side – Highland Water 1 pre-restoration (summer 2003), Right-hand side – Highland Water 1 post-restoration (summer 2006)	10
Plate 4:	Left-hand side – Original Black Water 2 monitoring site pre- restoration (spring 2003), Right-hand side – New Black Water 2 site (autumn 2006)	11
Plate 5:	Black Water 3 in flood (Dec 2003) looking upstream. Note the burst bank in the middle ground of the plate	23
